

Submitter:

Linda Sage

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I'm 84, and I'm so grateful to live in a state that has mail-in voting. I don't have to get to a polling station (I don't drive). I can just sit at my dining room table and carefully consider each measure or candidate before voting. There is no evidence that vote-in mailing leads to widespread fraud.
