On Behalf of:	Self
Committee:	Senate Committee on Rules
Measure, Appointment or Topic	SB210

Vote Yes on SB210!

As a lifelong Oregonian, it distresses me to see we have lost faith in our election process. The best way to fix this is to return to in person voting. This would solve many of the problems we have been experiencing, such as ballot chain of custody, late ballot voting and tabulating. Voting in person and showing our identification would ensure a return of confidence in our system.
