

Submitter: Jerry Kenefick

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Voting my mail has been an established benefit in Oregon for years. As an 87 year old voter I find voting by mail much easier than going to a physical polling place. Our state polling personnel have kept fraud to a minimum in our vote by mail system and, therefore, any accusation of fraud is, in itself, fraud. Please do not take away this important freedom.
