S.B. 210 In person voting needs to pass !!! I'm in total support of this passing. We need, same day voting, in person, and show I.D. Any person holding office that disagrees with this in Oregon needs to be replaced. It's not illegal. We show I.D. for everything without an issue so why not to vote?? We also need to clean up the voter rolls, so we can actually have a fair election in Oregon!!!

Thank you
