

Submitter:	Daniel Chastain
On Behalf Of:	
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Hello,

Mail in voting has been working just fine in our state for as long as I have been here and there is no reason to change that situation. Please tell the person who introduced the idea of reversing a perfectly useful and functioning system that if you break what works, then nothing good and valuable works. Backward thinking will not take our state intelligently into the future.

Sincerely,
Daniel Chastain
