

Submitter:

Marina Ormes

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This measure is a terrible idea. Mail-in voting allows me to participate as a citizen and vote more easily. No lines, no travel, no parking. My family members who cannot take time off work to vote are more likely to vote with mail-in voting. People I know who have health issues would not be able to vote without a mail-in option due to unpredictable factors in their health condition. Mail-in voting feels very safe and secure to me. Just from a convenience point of view, I much prefer it to in-person voting.
