I am writing to oppose SB210. I have been privileged to reside in this state with what I consider to be rational and effective voting policies. The convenience and efficiency of mail-in voting which has been demonstrated to be low on voter fraud, to allow working people and those without easy transportation as well as the elderly and disabled to review the issues and candidates at their leisure and vote in the comfort and privacy of their homes can't be beat. Please don't "fix" what is not broken!
