SB210

I am a fourth generation Oregonian as a family we used to get together and go over the voter pamphlet and talk over all the issues and no it wasn't always vote one way, but then as a family we took our children with us to vote so that they could see the importance of voting! I think we have lost a lot with this impersonal vote by mail! And the voting in person was more open and above board. I feel getting back to it may be a little harder, but it feels like you doing your duty as an American. Thank you for a chance to get back to this patriotic duty. Dana Rosecrans
