

Submitter:	Deborah Lawrence
On Behalf Of:	self
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Regarding SB 210, this bill cannot pass into practice as it would nullify the ability of many people to cast their votes. Oregon is currently a mail in or drop box only method of voting for all elections which allows all registered voters to cast their votes regardless of their ability to navigate traveling to appropriate in person only locations. The bill would effectively prevent many voters from exercising their Constitutional right to participate in free and fair elections.
