SB210

I am a senior citizen living in Portland, Oregon. I love vote by mail. It is so easy and allows me the time I need to vote and look things up if I'm unsure. I have back issues that prevent standing for long periods. I can also do more research sitting at home making sure I understand the issues. In person voting can reduce the amount of voters because of transportation issues, illness, mobility issues, work hours, child care, weather, and other problems. Oregon has created a great system that even includes notifications about ballots received and counted. It should remain!
