Mail in ballots need to stop Our elections are not the safe and secure elections we are told they are. Oregon elections as they are today are CORRUPTED. This bill is a giant step forward. I am a minority an US citizen who is the son of a Venezuelan immigrant. I am tired of people using my identity as their tool for evil scheming. People are not stupid and the liars will be held accountable. Most of the opposition to this bill will most likely invoke ME, as a minority, as some convoluted reason we need to keep the present INSECURE election system.
