Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This would be devastating and terrible for our state. Mail in voting is crucial to ensure everyone gets a voice and is represented. We do not have the infrastructure to support a swap to in person voting.

Local businesses would suffer needing to provide time for employees to vote. Often times these types of decisions disproportionately affect marginalized communities. Voters would be less informed as they would not be able to thoroughly research each position.

Moving back to in person voting is a mistake.
