SB210

I oppose this change to our voting, as this will create a hardship for many, as far as timing, and getting to a polling place. Now, we can take the time to study all of the items that we will vote on, and can do it in the privacy of our home, and at our convenience. There is no need to miss work, find child care, or find a ride.

Mail in voting is easy for all citizens and allows everyone to vote in a way that will not negatively impact their lives.

Thank you.
