SB210

Leave my voter by mail alone. You do not have my permission to gut it. The only people who support this are Trump supporters who are utterly anti American. In fact any who oppose the Oregon right to vote by mail are traitors to the people of the State of Oregon who have made it abundantly clear it is a right we want. Trying to take it away? You must be too weak to win on your own accord. Only weak law makers go against their constituents.
