I am opposed to this proposal. Our system of vote by mail is an efficient and smart way to conduct elections. It allows me to research the issues and candidates from the comfort and privacy of my home. Voting by mail provides better options for those who don't drive, work during hours that would conflict with voting in person, may be juggling school, work, and child care, or or don't have the ability to stand in long lines at the voting booth.

"Dont fix what isn't broken". Keep our vote by mail system in place.
