

Submitter:

Sheila Mawdsley

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Another ridiculous attempt to suppress voter turnout and it HAS to be voted down!
Voters need to be able to have time to review all the measures, vote from the comfort of their home when can fit it in and put it in the mail as opposed to having to take time off work, find childcare, find a ride to a voter booth and put up with the bullshit harassment other states's voters have to. Please vote NO!
