On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This is such a great way to vote. It makes it accessible to people that work, the elderly, house bound people, sick people and many more. This administration is tearing America up and is destroying every right we have. Please fight for this. I feel like you're not fighting for anything. Show us something different. Stand up to tyranny!

Sincerely,

Stephanie Wade
