Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I definitely support voting in person to vote on Oregon bills and National bills. It creates less chance for illegal voting. Everyone and anyone can get a picture id to ensure legal voting. The more populated Oregon gets the more chance for fraud.

I personally know of people who offer to "help" people fill out their ballots. And "mail" the ballots. If I know there are a few - I'm sure there many more.
