Cecelia Klinkenberg

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I support ENDING mail in voting, it has been proven it has a big window for cheating with our already proven DIRTY voter rolls. I know this from working on voter verification by name and address thru the Oregon Election Integrity team. I called 10 pages worth of names, had about 3 verifications. Dr. Frank already testified, the Oregon elections are fraudulent, and vote by mail has opened the door for this to happen. STOP THE CHEATING NOW!!!
