Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I've been voting in Oregon since 2007. In 2016 and 2020, my ballots were returned by mail due to an "incorrect signature," even though I've had the same signature for 22 years. I know others whose ballots were also rejected. This is fraud. If I had voted in person, this wouldn't have happened.
