Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I vehemently oppose SB 210, that I understand would eliminate voting by mail in Oregon.

As a resident of rural Baker County vote by mail is safe, accessible (for Seniors like me) and helpful to maximize our Constitutional right to vote. It has worked well for many years.

Abolishing vote by mail is a cynical attempt to suppress the vote. 60 lawsuits proved there was NO fraud sufficient to change the results of the 2020 election, despite Donald Trump's and Republicans' often repeated lies.

Please let voters vote. Quit trying to throw up barriers to voting.

Thanks.
