Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

This bill stands in the way of Oregonian's right to vote.

The amount of people taking the day off to all vote at once will have a large financial impact due to all the businesses losing their workforce that day. The infrastructure needed to host voting in person by mass would be extremely expensive as well.

Oregon businesses and our tax payer dollars should not be wasted by stripping us of our freedoms. I am strongly against this bill, and the president using his power to limit our states rights.
