Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

To the Committee to select the Committee.

With all the Russian Collusion going on these days one simply cant give modems' opportunity to steal the cheat.

I support in person with ID voting....and would like to go back to hand count ballots.

Reason is it takes 10 days post election to get the ballots in.. and took till 12/03/24 to come to a final final Talley (Florida can Talley 4 times our election in 1 night by hand...

So why slow the system down with computers ???

I CALL FOR THE VOTE...!
