Storm Borsetti

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Removing vote by mail is shortsighted. People living in our larger & rural counties will be disproportionately impacted, especially considering the "1 per county" voting location provision. Elderly residents on social security & people without transportation will potentially be deprived of their voting rights due to not being wealthy enough to live in areas with good public transportation. There are so many ways this bill can go wrong & remove the rights of Oregon's citizens to cast their ballots. Vote NO on SB210.
