Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Mail in ballots are critical to democratic system that America stands for. Eliminating mail in ballots is outright discriminatory and anti-democratic as so many individuals cannot take time away from work to vote on Election Day in person, or who are traveling, or who can't find childcare, or who have limiting health conditions, the list goes on. I deeply OPPOSE this measure to restrict voting rights of Oregonians.
