Committee:	Joint Committee On Addiction and Community Safety Response
Measure, Appointment or Topic:	HB3197

This tax is certain to negatively impact wineries in Newberg, which will (in turn) have a negative impact on the city itself. Once a booming 'gateway to the Willamette Valley, Newberg currently finds itself struggling to attract tourists. Significant effort has been invested in growing infrastructure, retail, and marketing efforts, and this bill (if passed) is certain to undermine those efforts. As a Newberg resident who hopes to see the city thrive, I oppose this bill.
