

Submitter: Janet Herrmann

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

As an older Oregon resident, I appreciate the opportunity to have time to read about issues and candidates in the comfort of my home. I am not under pressure to make a quick decision. It is a safe and reliable system which makes it possible for many more people to vote. I do not want to have to stand in line to vote. Many of our citizens cannot physically get to a polling place. PLEASE do not make voting harder.
