

Submitter:

Mary Wilson

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I have lived in Oregon for 30 years. I have voted by mail the entire time I have been a resident. I have never experienced a problem or have any concerns over the election process. There is little evidence that a problem with election fraud is happening. The level of election fraud is extremely low-it's higher with in person voting. Leave mail in voting alone-it works and is a great benefit to the citizens in Oregon.

Thank You,

Mary Wilson
