SB210

For Oregon to have integrity in our elections we must have in person voting with proof that you are the person you claim to be. Every citizen should want this. We know of someone whose mother having been deceased for 10+ years continues to receive a ballot for each election. Family reports this but nothing changes. It would solve so many issues if we all had confidence that our elections were honest and we only counted legal votes.

I find it interesting that I must submit my full name and email address just to show my opinion on this bill but no proof is needed to actually vote.
