

Submitter: Jan Tuininga

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I have mailed my ballot in every election for many years. It is fast, safe, and convenient. I personally know many who would not vote if they had to appear in person this includes people of all major political parties. Without this our elections would be less representative, less fair, and weaken our hard won democracy that has been maintained for over 200 hundred years. Voting is for every American citizen. Please vote no on this important measure.
