

Submitter: Blythe Darula

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Election security has been at risk. Current mail-in voting lacks proper chain of custody safeguards, weakening public trust in our elections. The greatest voter suppression of our time is the lack of faith in our system.

In light of the recent Presidential Executive Order, SB210 is necessary to bring Oregon into compliance with federal requirements and ensure fair, transparent elections for all. Every fraudulent vote violates your constitutional rights.
