

Submitter:

Richard Turner

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

As a person who is blind, and who was one of the original beta testers for our current accessible voting system, I strongly oppose SB 210! Because of our Vote-By-Mail system, I can vote independently. Oregon has one of the most accessible voting systems in the country and it would be a huge loss if that went away because of some misguided MEGA people. Please kill SB 210.
