

Submitter: Robert Gillis

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I wholeheartedly support SB210. One of the most important functions of our government is to conduct safe, fair and trustworthy elections. Election integrity is paramount for the continuance of our democratic representative government. In person, same day voting is vital to accomplish this. Government ID must be required to ensure that each voter is a qualified US citizen. No exceptions. One vote, one person. Pass SB 210.
