SB210

I vehemently oppose the removal of mail-in voting by replacing it with an in-person system. This is truly the most idiotic thing I've heard of and whomever introduced this bill should be ashamed and removed from office for their undemocratic, unAmerican beliefs. We have years of data to show that mail-in voting increases voter turnout as it is easier and more accessible to everyone. This is very clearly an attempt to suppress votes and is a tactic of fascism. Oregon is not a fascist state and we must protect ourselves and our rights from this ridiculous Trump regime. Do not remove our mail-in voting system.
