SB210

Given the President's subversion of the Constitution and abject disrespect for the powers bestowed to states and the legislature, I think it is important to refer to that venerable document that our founding fathers created to guide our nation.

Article I, Section 4, Clause 1:

The Times, Places and Manner of holding Elections for Senators and Representatives, shall be prescribed in each State by the Legislature thereof; but the Congress may at any time by Law make or alter such Regulations, except as to the Places of chusing Senators.

The CONGRESS must make the decision to rip your power from your hands and make the most important right of States mute.

I DO NOT support subversion of the Constitution via nullified Executive Order, the wrenching away of State's rights by Congress, or forcing Oregonians to show up at polling places when we clearly love vote by mail.

If you love America, freedom, and allowing states to represent the will of the people, you will vote against this bill.
