

Submitter:

Jeff Poteet

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Hello - I am a native Oregonian and have been voting by mail ever since it became an option for residents of the state. I believe it is a very efficient and effective way for our citizens throughout the state to cast their votes, and make it much more difficult to engage voters in a way that could exclude them from being able to participate due to schedules and proximity to voting locations on election day.

I strongly oppose SB 210, and truly hope the legislators cast their votes to turn down this Senate Bill that will most definitely have a negative impact on all Oregonians.

With regards,

Jeff Poteet

Resident of La Pine, OR
