

Submitter:

Bryan McGregor

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I as an Oregon citizen am in favor of in person voting. No more mail in ballots and excessive abuse of our voting system. We as citizens are tired of questionable and easily manipulated election results. It is time to bring a sense of security and faith back into our elections. Please pass this bill for the people of Oregon.
