

Submitter: Nancy LaMunyon

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

The only way to ensure fair and honest elections is to reinstate in person voting with a valid ID proving ones residency in Oregon and citizenship in the United States of America. Mail in voting is rife with fraudulent voting as was recently reported on in Oregon where ballots were sent to addresses where the registered voter no longer lived and also to people who are not citizens of the United States. Vote in favour of SB 210.
