On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Oregon's vote by mail system is an integral and treasured part of preserving and expanding the base of eligible voters in the state.

I feel that it is an an inherently more secure and tamper-proof system that in person voting while also truly allowing all eligible voters the time and opportunity to share their voice by voting.

To do it way with this system would be an egregious travesty.
