SB210

This is nothing but a voter suppression tactic and you know it. Oregon mail-in voting has worked flawlessly for decades with only a minuscule amount of issues. We have proven over time that we don't abuse our mail-in system. Doing away with it would cost our counties more money and get in the way of our citizens' ability to vote. The Supreme Court found that Oregon vote by mail was in fact the gold standard: "Both the rulings from the District Court and the Ninth Circuit got it right: Oregon's vote by mail system is the gold standard with no widespread voter fraud to speak of." (The lawsuit claimed – without providing any evidence – that Oregon voters have been disenfranchised by "voting anomalies." The bulk of the suit rested on "2,000 Mules," a 2022 film from far-right commentator Dinesh D'Souza.) Stop wasting taxpayers money.
