SB210

I am 100% opposed to this bill. Mail-in voting makes it possible and easier for more people to vote - people who live far from polling places, in outlying rural communities, on reservations; people who are extremely busy working 2 jobs and cannot get off work to vote; people who don't have childcare and don't want to drag their hungry, tired children to a polling place after work; people who are disabled, injured, sick, or have other challenges. Being able to only vote in-person on election day would create a huge hardship for many. Mail-in voting has worked well for Oregon for decades; please don't break it now.
