

Submitter:

Kimberly Kendall

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I have lived in Oregon my whole life. Mail in voting started about the time I could vote. I never understood why we mailed in our ballot. I believe one day, in person voting is best for our state. There is something very inspiring to stand with and see other Americans coming to a place to make choices that affect our state and country. I am totally in favor of this measure. Thank you.
