Measure, Appointment or Topic: HB3928

Dear Chair Marsh, Vice-Chair Andersen, Vice-Chair Breese-Iverson, and members of the House Committee on Housing and Homelessness. Thanks for the opportunity to comment on HB 3928. I am a central Oregon resident strongly opposed to this bill and I urge you to vote against it. It is astounding to me that such a throwback proposal, blatantly opening rural land to low-density exurban residential development, encouraging the sort of outlying estate the entire Oregon land use planning program has struggled against for 50 years, falsely in the name of easing our housing shortage, should even come before you. Thank you for considering my comments. Please vote no.
