

Submitter:

Patricia Donenfeld

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Oregon's vote-by-mail system is safe, secure, convenient and inclusive. Being able to sit at home with the voter's manual and make thoughtful decisions without feeling rushed or waiting in long lines makes it a good process, including for those who have mobility or health issues, those that work during voting hours and those with young children. Our voting system works well. There is no reason to change it.
