

To the Government of Oregon,

I am a 48 year old, lifelong resident of Oregon who remembers the joy of going to a voting ballot location and the joy & pride it brought. I am fully in support of returning to in-person voting. I am fully in support of requiring identification to vote. I am fully in support of providing proof of citizenship to vote. These things are crucially important to the integrity of our state. There are so many other activities, which are far less important, that require more security.

Let's do this!!
