

Submitter:

SUSAN ELLIKER

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

The current Oregon vote-by-mail is the best system and should not be changed. The current system allows the best access to voting for the citizens of Oregon. The current system is secure and saves valuable local tax monies. This measure SB210 would put an economic burden on counties to provide and run polling locations and put an economic burden on citizens for traveling to and time spent going to the polls.
