Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I do not support banning mail in voting. There is not enough evidence of fraud and it is imperative that all Oregon residents have equal opportunity to vote. Mail in voting allows for this since individuals can vote on their own time not having to take time off work (which they might not be able to get) or have to get to a voting office (not everyone has transportation). Mail in voting is the BEST way for all voices to be heard.

Please oppose the bill!
