

Submitter: Sydney Koh

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail has made it possible to vote for those who can't leave their jobs to get to a polling station. My husband is a heart surgeon and more often than not on a Tuesday he is saving someone's life. Our system in Oregon has worked for years, is proven to be a success. Please don't mess with it. This allows many people to vote that otherwise can't get out of their homes. Hands off our vote by mail system!
