

Submitter: Joyce Loper

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote-by-mail system currently in place provides a secure and accessible system for registered voters in Oregon. Citizens can vote by mail, but those who have difficulty getting time off, have mobility issues, or lack transportation may not be able to vote in person. This bill is likely to reduce participation in elections by registered voters, which is counter to our democracy.
