Mail-in voting has made me a more informed and conscientious voter. It allows me the time to properly research, discuss, and decide each item I am voting on. Voting from home at my leisure also means I am a more productive employee, present mom, and good neighbor as I have more time to do the important things in my day to day life without unnecessary stress. Receiving, completing, and tracking my ballot has always been super secure and safe. Only once have I had to get a new ballot, since the process is so streamlined and triple checked for accuracy. Please support mail in voting and the desire of Oregonians to keep our amazing system in place.
